

Sun Inn Bins

The Sun Inn kindly allow the club to dispose of our rubbish using their bins. However, their refuse contractor is very strict and will not empty bins if waste has been mixed and placed in the incorrect bins. Please pay attention to the labels on the bins when taking rubbish to the pub's bin area, and ensure you place items in the appropriate receptacle.

For the avoidance of doubt, there are four categories of bin in the waste collection area:

General Waste = All black bags / landfill waste

Food Bins = Food scraps only - no packaging

Glass Bins = Glass only

Recycling Bins = Cardboard and plastic only

If you are unsure as to where something should go, use one of the "General Waste" bins to avoid causing problems for the pub.
